

The *Common Course Numbering Project* will allow the same courses will be titled and numbered in a similar way at every Washington community college. The changes should help you, the student, know that a course you have taken at one Washington school is the same at another Washington school and the course will transfer easily. ***Course that do not appear on the “common” list will still transfer under the Direct Transfer Agreement as in the past.*** If you have any questions or are confused, please contact the GHC Admissions Office, (360) 538-4030. See page 6 for additional details.
