

## Waitlist system at Grays Harbor College

### What is the GHC waitlist?

The waitlist is a system that manages enrollment when a class becomes full. You can place yourself on the waitlist and you will be added to the class as openings occur. You may or may not make it into the class.

### What do I do if I don't get in through the waitlist and I really need the class?

You can attend the class on the first day of the quarter with an Add/Drop form in hand. See Adding and Dropping classes at [http://www.ghc.edu/counseling/advising\\_files/adddrop.pdf](http://www.ghc.edu/counseling/advising_files/adddrop.pdf).

If more openings occur at that time, the instructor may sign you into the class.
