

## Changing Your Major

Changing your major is a simple process. Download the [Change Form](#), fill it out, print, sign and return it to the Admissions and Records Office Grays Harbor College, 1620 Edward P Smith Drive, Aberdeen, WA 98520.

If you would also like to change your advisor, take the form to the instructor you would like to have as your new advisor. If the instructor is able to take you on as a new advisee, they will sign it and you can return it to the Admissions and Records windows.

If you would like to have a new advisor assigned to you, simply visit the Counseling and Advising Center during drop-in hours (M-F 9-4) and a counselor will take care of it.

If you are an online student and would like to be assigned to an advisor or change your advisor, call Melissa Barnes at 360-538-4096 for assistance.

If you don't know what you want to major in, you can get free, one-on-one career counseling sessions at the Counseling and Advising Center. A career counseling session starts with a conversation in which you and the counselor explore your previous experiences to identify patterns of interest. You can choose to take the Strong Interest Inventory or the Myers Briggs Type Indicator to help identify your career interests and personality style.

The career counseling process generally takes 1-2 sessions and can be scheduled by calling 538-4099. Counseling can also be done by phone for students who cannot come to campus.
