

Student Success Program Review

Mission Statement: Student success programs exist to help inform and support students as they work toward their educational goals.

GOAL 1: Student Success programs will help educate students on the resources available to help them enhance their educational experience

Intended Outcome: Information on resources will be a significant part of the planning and implementation of all student success programs

Indicators of Achievement with measures:

- 1) Student Handbooks and other relevant resource information will be included in New Student Day bags
- 2) New Student Day will include information tables of relevant information
- 3) Mentors will receive training and periodic updates for mentor handbooks on resources

Intended Outcome: Student learning outcomes for all FYE courses will include outcomes on resources

Indicators of Achievement with measures:

- 1) All FYE courses will include learning outcomes on resources such as the Learning Center, TRiO, PASS program, etc
- 2) Learning activities/assignments on resources will be included in all FYE courses

GOAL 2: Student Success programs will help empower students to make informed decisions regarding their educational journey by providing information on options available to them and the consequences of those options

Intended Outcome: Educational planning will be included in all FYE courses

Indicators of Achievement with measures:

- 1) All FYE courses will include student learning outcomes for educational planning with appropriate learning activities/assignments

Intended Outcome: The early alert program will emphasize critical thinking and informed decision making

Indicators of Achievement with measures:

- 1) Discussions with early alert students will include information on options and their consequences. Notes will be kept on those discussions.

GOAL 3: Student Success will provide a comprehensive set of programs that positively impact the retention and progression rate of new students

Intended Outcome: Students enrolling in FYE courses will be retained and progress at a rate higher than a 08-09 baseline of general students

Indicators of Achievement with measures:

- 1) Students enrolled in FYE courses will be retained and progress at a rate 3% higher than the baseline. Students will be tracked on persistence and time to 15/30 credits every quarter , for two years after enrollment in FYE course

Intended Outcome: Students participating in the PASS Mentoring Program will be retained and progress at a rate higher than a 08-09 baseline and students not participating

Indicators of Achievement with measures:

- 1) Students participating in the PASS Program will be retained and progress at a rate 3% higher than students who do not participate. Students will be tracked on persistence and time to 15/30 credits every quarter , for two years after participating.

GOAL 4: Student Success programs will enhance a student’s understanding of the self-responsibility and self-motivation needed to be a successful college student	
Intended Outcome: All FYE courses will include student learning outcomes on self-responsibility and self-motivation	Indicators of Achievement with measures: 1) All FYE syllabi will include a learning outcome on self-responsibility along with appropriate learning activities/assignments 2) All FYE syllabi will include a learning outcome on self-motivation along with appropriate learning activities/assignments 3) Assessment of these learning outcomes will be included in course assessment
GOAL 5: Student success programs are created and implemented through a collaborative work process with students and faculty, staff and exempt from all appropriate departments	
Intended Outcome: People from all GHC constituencies will be involved in the development and revision of all student success programs	Indicators of Achievement with measures: 1) Students, faculty, exempt and staff will be included on all committees for the development and review of student success programs. Minutes with attendance will be kept for all meetings
Intended Outcome: People from all GHC constituencies will be involved in the implementation of all student success programs	Indicators of Achievement with measures: 1) Students, faculty, exempt and staff will be included in the PASS mentoring program 2) Students, faculty, exempt and staff will be included in New Student Day activities 3) Students, faculty, exempt and staff will be included in the implementation and review of the FYE program
