At the Washington Student Achievement Council

Our programs and policies work with diverse communities to eliminate barriers to people pursuing education beyond high school. As an employer, we strive to hire, cultivate, and retain a competitive workforce that reflects the communities we serve. If you are a member of communities of color; a person who identifies as queer, trans, lesbian, gay or bisexual; a veteran; a person with disabilities; a student with IEPs or a 504 plan- you are strongly encouraged to apply, even if you don't meet all the desired/preferred qualifications listed.

About Washington State GEAR UP

GEAR UP (GU) is a competitive federal program that ensures all students are academically, socially, and financially prepared to enter and complete the postsecondary program or institution of their choice. In 2023-24, GU will provide peer mentor support to the GU class of 2023 high school graduates who are attending partner institutions.

About the Position

Peer Mentors can provide a positive influence and motivate new students by providing peer to peer information sharing and support services. Peer Mentors will be hired at each Washington State GEAR UP-supported college campus. These positions will work alongside GEAR UP Regional Coordinators, who are based in high schools, to support students as they transition into their first year of life in college. The purpose of this position is to support and mentor younger peers on participating higher education campuses. Because peer mentoring is most effective when mentors reflect their mentees closely in life experience and identity, we will be prioritizing student applicants whose background, experiences and challenges navigating through the higher education system mirror the background experiences and challenges of the population that GEAR UP serves.
