Operational Policy Number: 303

Date adopted: 8/1/75 Revised: 3/20/01, 3/15/11

Grays Harbor College shall provide a comprehensive educational program for the citizens of the district, including various types of adult continuing education consistent with the needs of the community to include contract, credit and non-credit and lifelong learning courses. Courses may be state-funded or self-support consistent with Washington State Administrative Law and policies of the State Board for Community and Technical Colleges.

The various fee waivers provided by statute which must apply to state-supported courses will not be applied to community service courses. Special classes or groups of persons such as veterans, non-residents, institutional employees, etc., will share costs equally with all other students in community service courses.
