

GRAYS HARBOR COLLEGE
Operational Policy

Subject: ACCESSIBLE TECHNOLOGY AND ELECTRONIC CONTENT

Page 1 of 1

Operational Policy Number: 805

Date adopted: November 2016

Revised: 12/30/2019

Purpose

Grays Harbor College is committed to providing equality of opportunity to persons with disabilities including equal access to college information, programs, services, and activities provided through information technology (IT). The college seeks to deploy information technology that has been designed, developed, or procured to be accessible to people with disabilities, including those who use assistive technologies. By supporting IT accessibility, the college ensures that as broad a population as possible is able to access, benefit from, and contribute to its electronic programs and services.

Policy

Grays Harbor College is committed to providing equitable access to information, programs, and activities through its information technologies, web pages, web-based applications, operating system-based applications, online instructional content, services, and resources for all its constituencies. This policy applies to the development, procurement, and implementation of technologies and content, including websites, hardware, and software, currently in use, or being evaluated for purchase or adoption.
